Raei & Co., 7 the Broadway, Wembley, Middlesex, HA9 8JT

Has been assessed  
by Fraser Gough for DigitalXRAID Ltd  
against the Cyber Essentials Scheme Test Specification

Level of certification: Cyber Essentials

Scope: Ortho-Tek Limited, UK Operations.

Certification date: January 18th, 2018

Recommended re-assessment date: **January 17th, 2019**

Certificate no.: 0337523751353953

This Certificate confirms that the organisation named was assessed against the Cyber Essentials Requirements dated June 2014, and at the time of testing, the organisation's ICT defences were assessed to meet the Requirements. Cyber Essentials Certification indicates that the organisation has implemented a sensible baseline of organisational cyber security only, and implies no guarantee of effective defence against commodity cyber attacks circumventing this baseline. Organisations are recommended to define and understand the risks to their organisation and take all appropriate action to mitigate or reduce any issues, which may require a greater degree of rigour or technical investment than is required for Cyber Essentials alone.
